

## 8. Diversion Pool

### Existing Conditions:

- Very limited access
- Conflicts over trail design & uses
- Most attractive, peaceful resource of the entire Oroville complex
- Near constant water levels

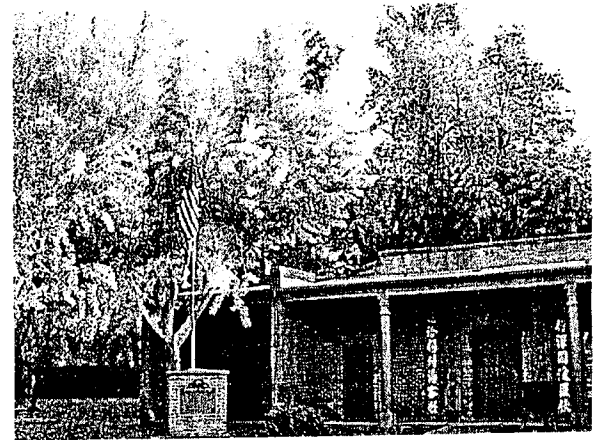

## 8. Diversion Pool Strategies - Recommended Actions:

## 9. Feather River – Existing Conditions:

- Feather River is cut off from city through the downtown area
- There is unattractive development between the river and Highway 70 downstream

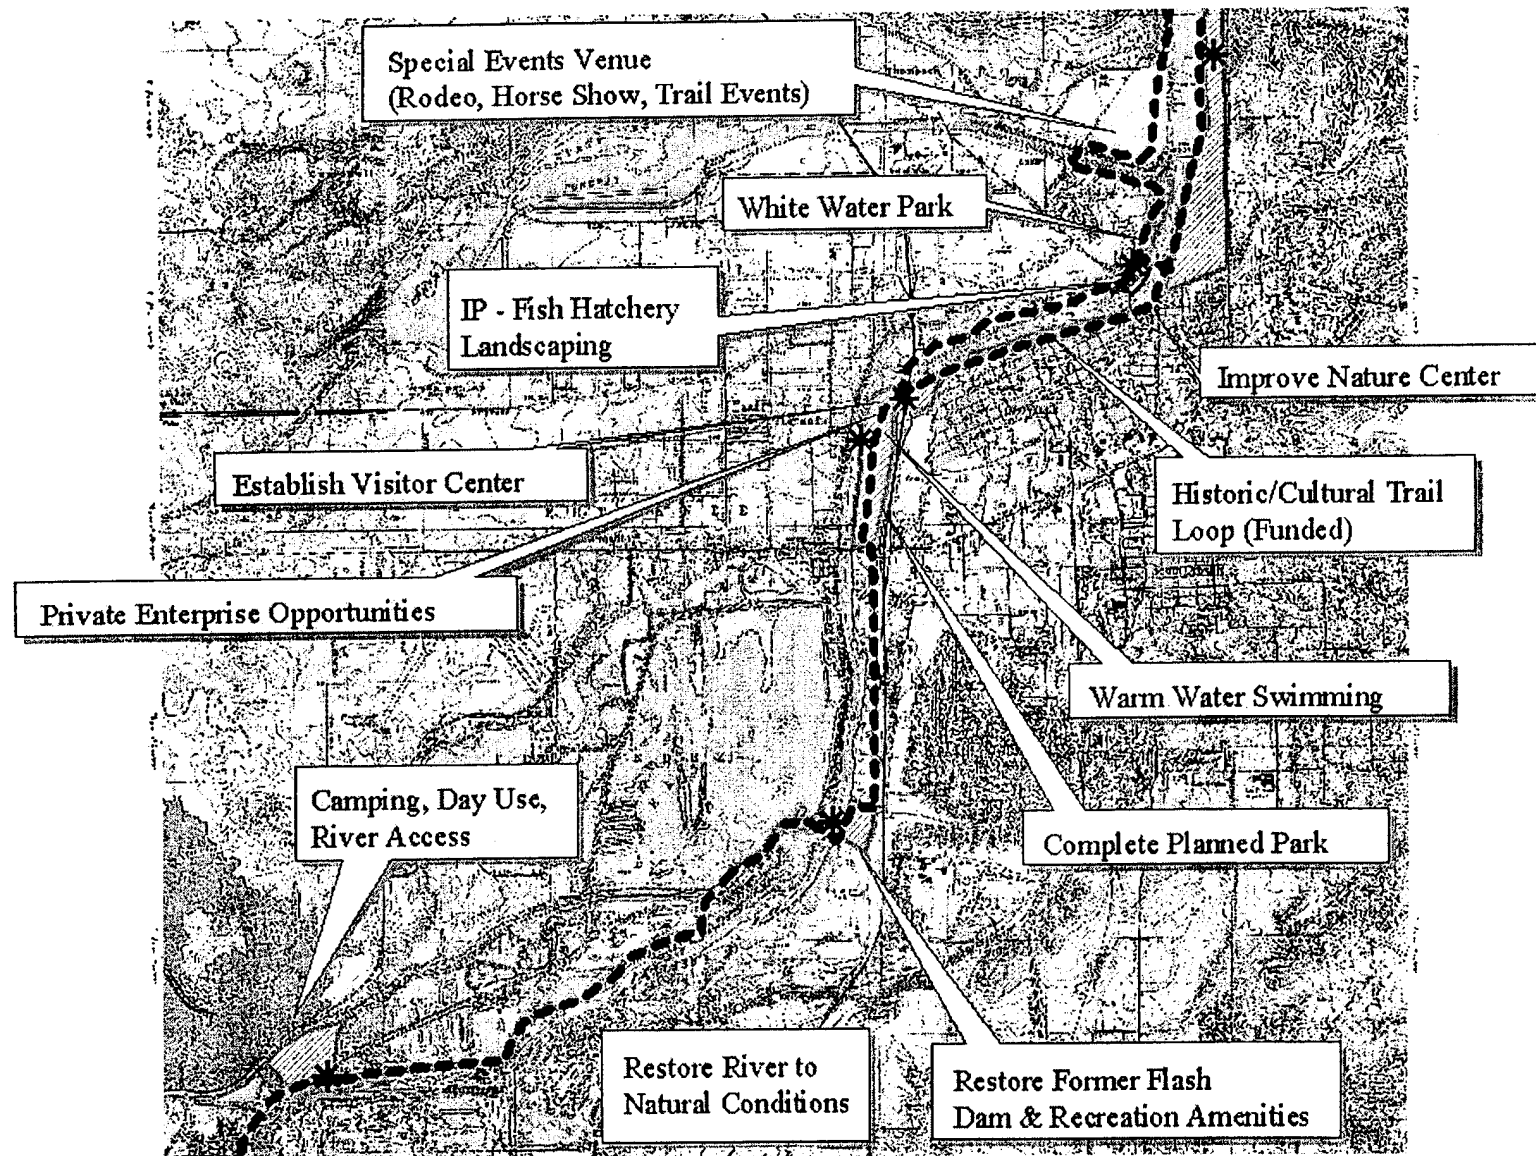

## 9. Feather River Existing Conditions Cont'd.

- The river zone presents an unattractive appearance in places with debris, exotic plants, levee improvements and dredging piles

## 9. Feather River - Recommended Actions

## 10. Forebay – Existing Conditions

---

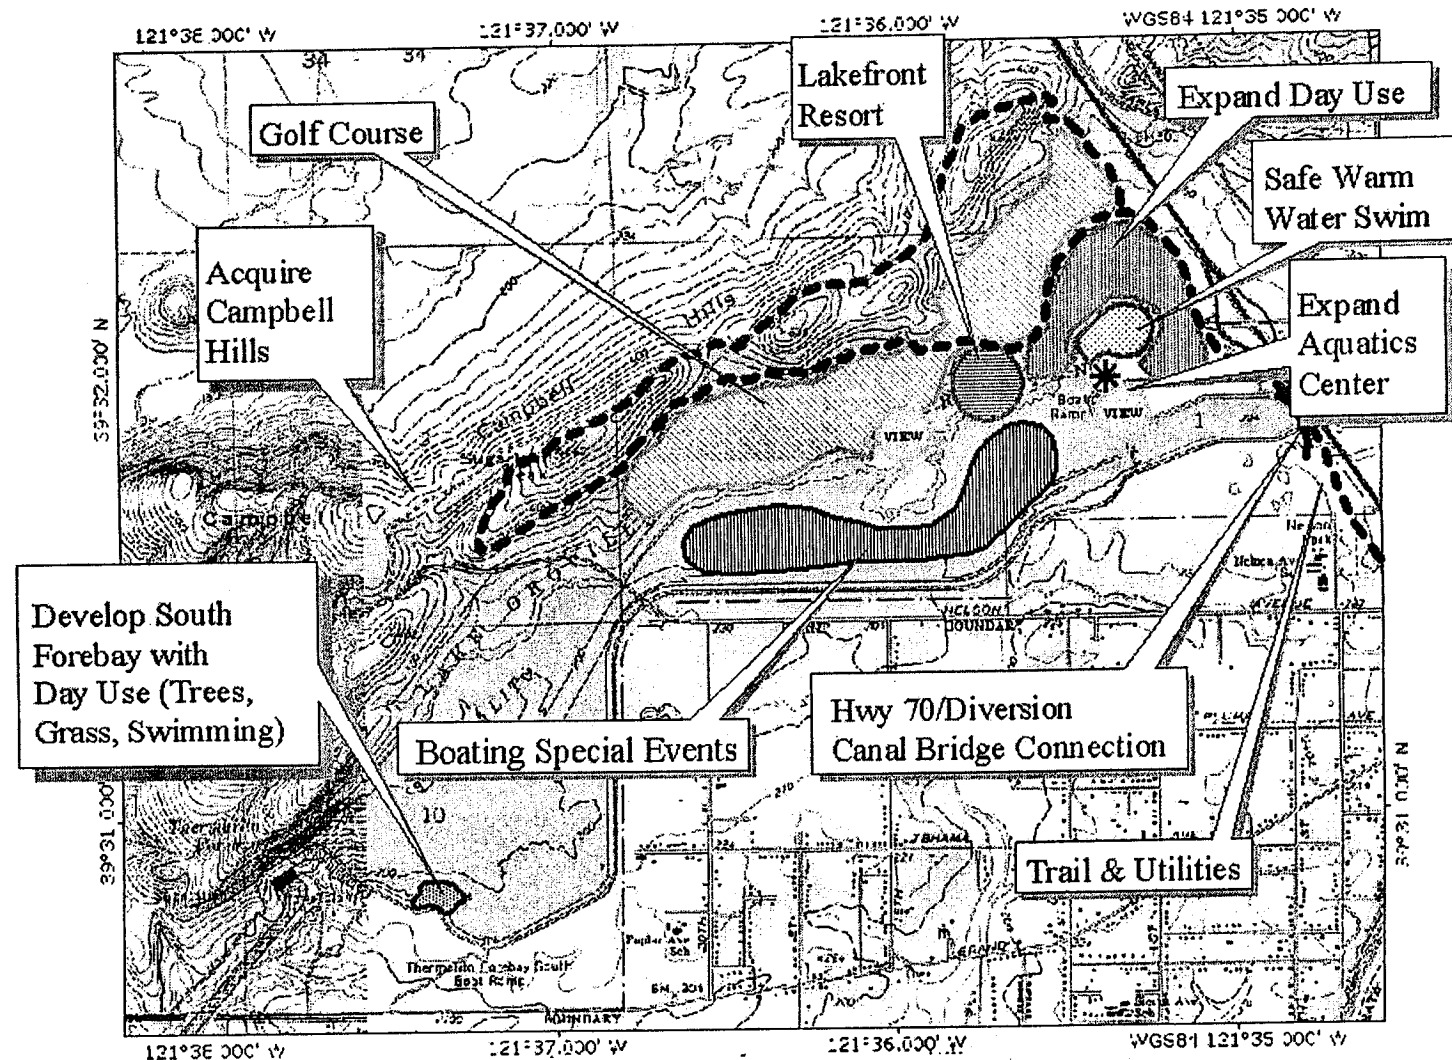

- Good visibility/access from freeway
  - Limited day use facilities with seldom used camping in parking lot
  - Swimming area has cold water & circulation may be inadequate to avoid bacteria problems
-

## 10. Forebay – Existing Conditions Cont'd.

- Bicycle and trail access problematic due to freeway barring trail connection
- Existing small sailing center & picnic areas
- Limited waste & sewer connections
- Adjacent Campbell Hills not in public ownership

## 10. Forebay Strategies – Recommended Actions:

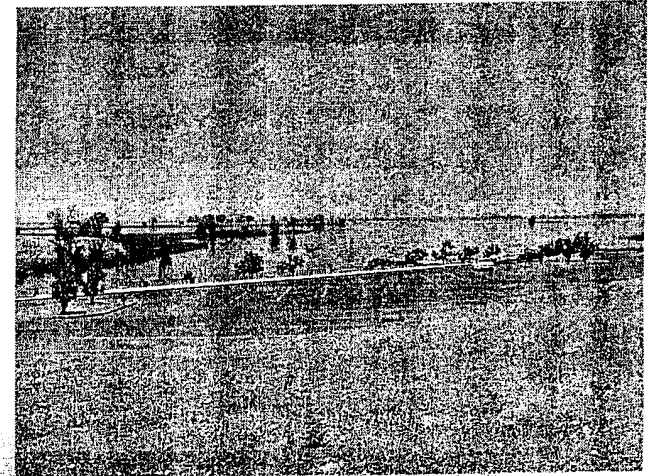

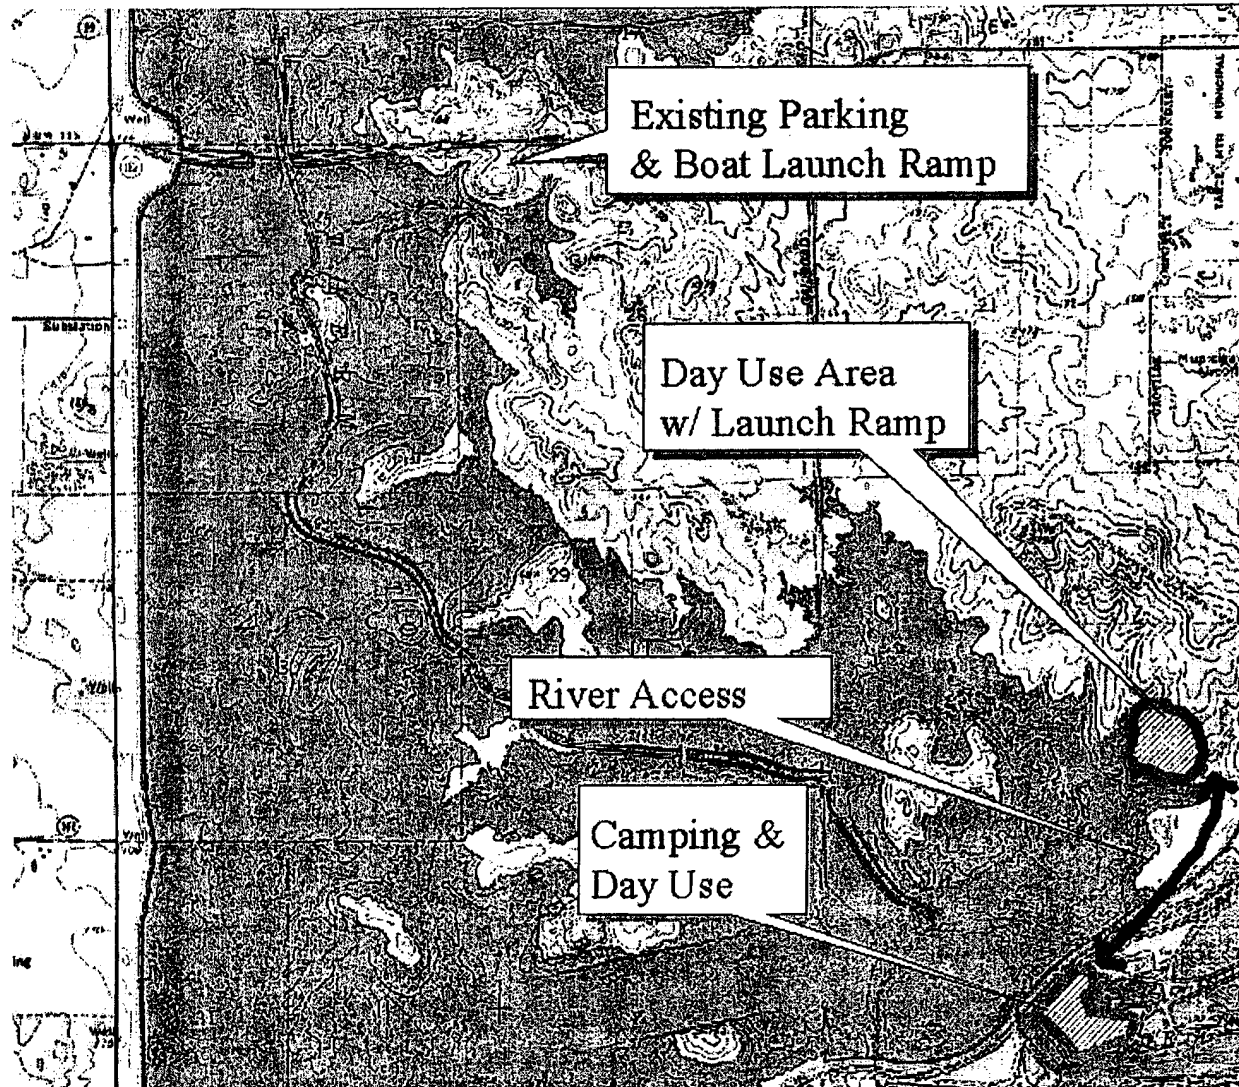

# 11. Afterbay

## Existing Conditions

- Existing parking & boat launch ramp
- Numerous islands & points along shoreline
- Water level fluctuates 4'-5' daily
- Managed by Fish & Game

## 11. Afterbay Strategies – Recommended Actions:

# 13. Wildlife Area Strategies – Recommended Actions:

- None

# 14. Trail System

---

- 1) Multi-use trail loop around reservoir
  - 2) Connection to US Forest and State Park trails
  - 3) Table Mtn./Goat Camp loop with connection to State Parks trails
  - 4) Solution to flooding of existing trails around reservoir
  - 5) Safe/legal crossing for bicyclists over 162 Hwy bridge
  - 6) Mountain bike loop
  - 7) Paved bike trail from Nature Center across Diversion Dam to Fish Hatchery
  - 8) Acquisition of 83 acres for Regional Park and connection to trail system
  - 9) Safe crossing of railraod & river for users of Brad Freeman Trail
  - 10) Use of DWR property for multi-use center
  - 11) Multi-use loop trail around Diversion Pool
  - 12) Seasonal pontoon bridge or other crossing over Diversion Pool or River
  - 13) Easement or acquisition of PG&E property for trails & habitat
  - 14) Bridge over canal to connect trails from Forebay to Nelson Sports Complex
  - 15) Loop around entire Forebay & Afterbay
  - 16) Bridge crossing at Hwy 70
